WM. F. ROSS, MANAGER PHONE 3, CARBON, ALTA.

THE MEANING OF CHRISTMAS IN 1946

By Rev. E. M. Wegner
Pastor, Carbon Baptist Church

What is Christmas? Christmas is beauty -- the beauty of snow softly falling; of candle glow, steady and silent; of carols joyously sung by glad-eyed children; of green boughs heavy with the fragrance of quiet woods. Furthermore, Christmas is the beauty of Mary cradling the Christ-child in a humble stable, of a new star in the heavens, of the angels' song praising God, the creator of all things beautiful.

What is Christmas? Christmas is joy -- the joy of children over a new toy or a new dress; the joy of parents over the happiness that so tightly binds families together on this joyous day; the joy of loved ones reunited; the joy of fellowship with one another in our homes; the joy of worshipping in the House of God the one who was adored by the shepherds and the wise men; the joy of hearing once more the glad tidings: "For unto you is born this day in the city of David a Saviour which is Christ the Lord."

What is Christmas? Christmas is love -- the steady love of friends; the tender love of husband and wife for each other; the unselfish love of parents for their children; furthermore, the outgoing love of caring people for the lonely, the needy, the suffering anywhere; the binding love of a Christian for all the rest of God's children; the holy love of man for God; and above all the all-consuming love of God for us, his unworthy children. Yes, Christmas is God's love for us made visible in Jesus, for "God so loved the world, that he gave his only begotten Son that whosoever believeth in him should not perish, but have everlasting life."

What is Christmas? It is faith -- faith in God of course. But is that sufficient to commemorate Christ's birthday aright? Christ says "No!" You believe in God, believe also in me" are his own admonishing words. If mankind could have obtained Salvation by believing in God only, Christ would not have been born in Bethlehem and we would never have known the meaning of Christmas. Furthermore, we would have no Savior to save us from our sins, the very purpose for which Christ was born. To be saved from our sins we must exercise not merely a historic faith in the birth, death, and resurrection of Christ, but a true, Spirit-born, a living faith in Christ's atonement for us on the cross, for Christ was born in Bethlehem so he could die for you and me on Calvary. If the world ever needed this true and living faith in Christ it is today, for it has always been true that man's attitude toward God manifests itself in his attitude toward his fellowman. O how we need that "Peace and good will on earth" today. Yes, Christmas means beauty, joy, and love, but above all it must mean faith; true, living faith in Christ which will reveal itself toward our fellowmen, regardless who he is. Such is the meaning of Christmas.

FARMERS' UNION MEETING

Meeting held on December 2. A full report was given on the meeting of the delegation to AFU and UFA (Sask. Section) with Mr. Gardiner and members of the agricultural prices board and this was a good report and shows a step in the right direction. Farmers want a full report of these things attend your meetings and give your support. If you support is not given and everything is left to just a few this local will have to fold up when all other locals are going ahead and increasing their membership, so don't let yourself and neighbor down now as later will be too late.

Here are some of the highlights of the above meeting at Ottawa.

1 Dominion government recognition of the Alberta Farmers' Union and the United Farmers of Canada, to speak for the farmers of Alberta and Saskatchewan.

2 The board will be increased to five as recommended in our brief presented to Mr. Taggart and we will get at least one member appointed to this board but this is a matter for the Dominion government in session to decide, and if the change is made it will have to be done by an amendment to the act.

3 Definite statement by Hon. J. Gardiner that the domestic subsidy, is on the way out, thereby making a saving from 5c to 10c a bushel for as long as the four year wheat agreement. This saving will be placed in the pool and so increase the separation to be divided at the end of 1949.

3 Removal of from 5c to 7c a bushel from 1945 certificate payment to 1944 payment.

which will be paid out as soon as the government can do so.

4 A agreement that if freight rates should be raised the agricultural prices support board will step in and increase the floor price of agricultural products to take care of the increase.

5 Promise of the fullest use of the Port of Churchill.

6 Also found favorable reaction to the idea that if a vacancy should occur in the membership of the wheat board we may be able to get a representative sponsored by the AFU and UFC on this board.

The delegation also interviewed Hon. J. A. MacKinnon and Mr. J. Stoneman, railway commissioner.

There will be no meeting in January and the next meeting will be on the first Monday in February. A full report of the annual convention will be given by our delegates and as this is a very important one the reports will be worth hearing so give your support by turning out at this meeting. Also watch for announcements of meetings Chas. Cave, secretary.

NO PAPER NEXT WEEK

There will be no Carbon Chronicle published next week, a practice followed by most weekly editors.

COLLECTS \$14

The Beveridge Lake School travelling tea cloth which was circulated in the district for donations to the Christmas fund netted \$14 when the patches were removed. Nine dollars was sent to the Junior Red Cross Hospital in Calgary.

WANT that saw sharpened and set. Bring it to the Chronicle Office.

LEGION MEETING

By CHAS. CAVE

A meeting was held in the old school on Monday, Dec. 9 with a fair attendance.

In future regular meetings will be held on the third Monday of every month at 8 p.m. in the old school, back of the curling rink and all veterans of both wars are invited to attend and join this organization. If you are thinking of joining get in contact with M. Switzer, L. F. Poxon, F. Schmierer, Don Reid or C. Cave.

It was decided to hold a social evening for members and friends on Monday, January 13th at 8 p.m. in the old school house, so please turn out.

Election of officers for the coming year resulted in the following: President, L. F. Poxon; vice-president, J. Cooper; secretary-treasurer, C. Cave; Sergeant at Arms, H. Hunt; executive, V. Hawkins; J. Garrett, S. Canning; N. Becker; J. Hunt, F. Schmierer.

XMAS PROGRAM

There will be a Christmas program at the Carbon Baptist Church Tuesday, Dec. 24, at 7.15 p.m. Everybody welcome.

CLASSIFIED ADS

LOST-truck chain near the railway bridge on south road. Believed picked up by a panel truck. Information will be appreciated by Bert Charlebois Carbon.

Suffering China Calls

to Canadian Farmers

WAR has spread wreckage and suffering among the 500,000,000 people of Canada's Pacific neighbor—China.

Blasted from farms and villages, millions of Chinese families are homeless, hungry and in rags, dying daily from starvation and disease. China was first to feel the Fascist onslaught. For eight terrible years—from July, 1937 to August, 1945—China heroically breast the aggressor's hordes. Two years longer than any of her allies!

Farmers Call to Farmers

To-day, China presents a heart-rending spectacle to Canadians mercifully spared the ravages of enemy guns and bombs. And especially to Canadian farmers!

About 83 per cent. of China's 500,000,000 people are peasant farmers. To the scourge of Japanese planes and artillery have been added, in many districts, flood or drought, and shortage of seed grain. Besides the need for food, clothing, medical supplies, hospital equipment, there is urgent need for reconstruction of farms and homes.

Canada's Aid Essential

During the war, Canadians, through The Chinese War Relief Fund, sent to China some \$2,654,000 in money and over 1,464,000 pounds of used clothing, valued at some \$2,929,000. But the aftermath of war can be more terrible than war itself. The world wide relief work of the United Nations Relief and

Rehabilitation Agency (UNRRA) ends March 1st in China. The burden will fall on voluntary agencies. So Canadian Aid to China (formerly The Chinese War Relief) is making a national appeal. This is an urgent call to Canadian farmers to support this effort.

How YOU Can Help

To make it more convenient for YOU to participate, all Elevator companies have been authorized to receive donations of part of grain deliveries as Aid to China.

When you deliver grain to your Elevator, simply tell the Elevator Agent how many bushels you wish to donate to Canadian Aid to China.

The aim is one per cent. of the storage capacity of each Elevator. Will YOU help to make this possible?

Enlightened Self-Interest

This appeal is to our common humanity as citizens of the One World from which to-day we dare not isolate ourselves. In helping to rehabilitate the Chinese, we are hastening a return to world health and progress.

But we may well remember that China is not only a World Neighbor of Canada, but a good potential customer for our products. In helping her to recover from her war wounds, we are building goodwill and laying the basis of profitable relations in the days to come.

WHAT TO DO

When you deliver grain to your Elevator, simply tell the Elevator Agent how many bushels you wish to donate to CANADIAN AID TO CHINA. Your Agent will make out a ticket in the name of CANADIAN AID TO CHINA for your donation. Official Receipts will be forwarded to you from your Provincial Headquarters for income tax purposes.

No cheque to write, no cash to pay, no mailing to do. It's as simple as that!

CANADIAN FARMERS, BE GENEROUS! CHINA, A GOOD NEIGHBOR, NEEDS YOUR HELP!

This is the only national appeal to be made in Canada during the next twelve months for Chinese relief.

UNCLE HY SAYS

When fall comes round I look
ahead and clean the chimneys
to a turn, and then I'm scan-
ning every nook in search of
rubbish that might burn, yes,
that is something that I do long
ere the winter has come thru.

When fall comes round I see
that I have fuel enough and
some to spare, for who would
want to gather wood out in the
cool and frosty air, or when the
snow is drifted high, or storm
clouds gather in the sky.

When fall comes round I
make a turn of roof and porch
and shed and barn, I dress my-
self in mackinaw and sox made
up of home spun yarn, yes, I
make sure that every thing is
in good shape until the spring.

CHURCH SERVICE

Christ Church, Carbon There
will be a Christmas service on
Sunday, Dec. 29th at 3 p.m. Ven
Archdeacon Axon in charge.

OLD TIMERS
ELECT OFFICERS

The annual general meeting
of the Carbon Old Timers' As-
sociation was held on Saturday
afternoon, December 14th, and
the following officers were
elected for the ensuing year.

President, F. J. Bessant; vice
president, C. L. Mancell, secre-
tary-treasurer W. A. Braisher;
executive, F. J. Bessant, C. L.
Mancell, W. A. Braisher, Mrs.
Van Loon, W. J. Poole, Jas.
Gordon, and W. M. Douglas;
auditors, S. F. Torrance and
John Atkinson, Sr.

The secretary's and auditors
report showed a balance in
hand of \$135.00.

It was arranged to hold the
postponed dance on January 24
and the committees previously
appointed were to still function.

An Old Timers' picnic will
be arranged for in the latter
part of July, the executive com-
mittee to have charge of ar-
ranging details.

CARD OF THANKS

OUR HALF ACRE

By H. J. Umbrite

Conservation in Australia

Soil conservation legislation passed last year in Australia places definite restrictions on the right of any person to use land in any way that might lead to erosion. It provides for the establishment of soil conservation districts wherever 60 per cent of the farmers occupying land in any area sign a petition calling for the setting up of such a district. The duties of the district boards are largely educational but they have also the power to take punitive measures where erosion is being caused by the neglect of a farmer.

Agriculture in Ireland

The government of Eire plans to put into effect wide controls over domestic agriculture. Farmers will be free to choose the crops they propose to grow but they will be compelled to observe a sound system of crop rotation and to take definite steps to safeguard soil fertility.

The above articles show what is being done by other countries in preventing soil erosion. The United States is spending large sums of money to prevent further erosion of the soil. Many million acres have eroded so badly that they are beyond reclamation and therefore unable to be used in the production of food.

Soil erosion is not confined to these countries mentioned. Erosion in Alberta is taking a heavy toll of our soil and will continue taking it in ever increasing amounts unless we take measures to conserve it.

We must act now to prevent this wastage of land. The longer we put off conservation methods the more expensive it will be.

Crop rotations that include legumes and grasses are very essential if we are to prevent soil erosion.

NOTICE

To Whom it May Concern:

My wife, Jennie, having left my bed and board, I will not be responsible for any debts incurred in my name.

J. E. PRICE.

WORLD OF WHEAT

By H. G. L. Strange

Producing Registered Seed

Organizations which distribute registered seed between seed growers and farmers are receiving complaints from farmers that they sowed registered seed and that the field did not pass inspection. Therefore, they say the seed must have been poor. These complaints are not uncommon, but the fact is that such farmers were not well enough acquainted with the special business of producing a crop for sale as registered seed.

To be sure of a crop that will pass the extremely high tests set for registration, it is not sufficient merely to buy registered seed and to sow it. A great deal of additional specialized work has also to be done on the crop which can only be learned by practical experience. No crop ever produced quite as pure as the seed that was sown, that is why it is neces-

sary for farmers to use some registered seed every three or four years to take care of the steady deterioration that occurs year after year. To buy registered seed is one of the best investments a farmer can make to improve yield per acre and quality, but to go into the business of producing seed for sale as registered seed is a business of its own, which is interesting and usually profitable, but like anything else has to be learned by actually doing it, and usually after a few failures.

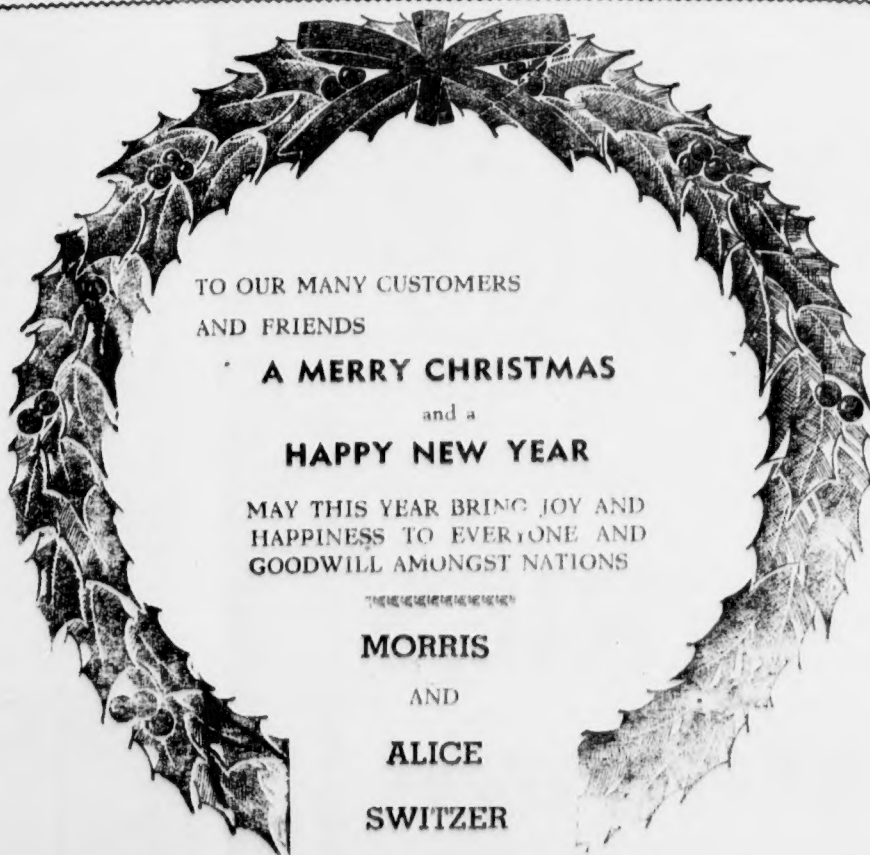

To enjoy putting others in the wrong is even worse than to enjoy wrongdoing.

CBC GOVERNOR -- G. Douglas Steel, principal of Prince of Wales College, Charlottetown, who was recently appointed to the board of governors of the CBC, a Prince Edward Islander by birth, Dr. Steel has for many years been a leading educationist in the Maritimes.

SONG REVIEW -- The voice of Carl Travers, popular Toronto singer is heard on Fridays over the CBC at 6 p.m., singing favorite romantic lyrics. Travers is accompanied by pianist Bill Ihster.

By
DR. F. J. GREANEY
Director,
Line Elevators Farm Service,
Winnipeg, Manitoba
D. M. McLean, Appointed
Assistant Director

On behalf of the Line Elevator Companies sponsoring this Department, we take great pleasure in announcing the appointment of Mr. D. M. McLean, B.S.A., M.Sc., as Assistant Director, Line Elevators Farm Service, effective January 1st, 1947. Mr. McLean succeeds Mr. T. B. Pickersoll who recently accepted the position of supervisor, Farm Loans Division, Central Mortgage and Housing Corporation, Ottawa. This Department extends its best wishes to Mr. Pickersoll in his new field of work.

Mr. McLean was born and raised on a farm at Resien, Manitoba. In 1930 he graduated with honors from the University of Manitoba with the degree of B.S.A. He received his Master's Degree in Plant Science from the University of Manitoba in 1932.

For the past ten years Mr. McLean has occupied the position of Assistant Agronomist, Extension Service, Manitoba Department of Agriculture, Winnipeg. During this period he served as Secretary of several important agricultural organizations in Manitoba, and established an enviable record in Junior Farm Club work in this province. He is a past secretary of the Western Society of Agronomy, and an active member of the Canadian Seed Growers' Association.

Mr. McLean will assist the Director of Line Elevators Farm Service in carrying out a program of work which will benefit the prairie farmer. His main task, however, will be to extend and strengthen the field services of this Department. This will be done with the assistance of, and through personal contact with, some 3,000 country grain buyers in the employ of Line Elevator Companies sponsoring this Department.

His first-hand knowledge of farming conditions in Western Canada and his long experience in extension work in field crops and with Junior Farm Clubs fully qualify Mr. McLean for his new position.

CANADIAN UTILITIES
LIMITED

UNLESS WE LIVE IT

The war of arms was won by meeting face to face on the battlefield and hurling missiles at each other. We sometimes make the mistake of thinking the war of ideas can be won in the same way, by meeting face to face on the debating floor and hurling ideas at each other. That is why, in the general assembly of the United Nations, debates have been and will continue to be sharp and controversial.

It will not help us to pretend that these differences will not arise, said President Truman when he opened the Assembly. Nor will it help us to pretend that these differences can ever be settled by argument. Victory in the war of ideas is achieved not by debate but by demonstration.

When we talk about democracy to other nations we are talking about the ability of our people to stick and work together by voluntary agreement. And there is no use talking about that when marriage, our most frequent form of voluntary agreement, is breaking up at the rate of one divorce in every three starts.

When we talk about freedom to other nations we refer to the ability of each and every one of us to give his best at any moment. And there is no use talking about that when all of us, our whole nation, is paralyzed by strikes for days and weeks at a time. We will lose democracy unless we live it. That, for most of us, does not begin with more debate, but with more demonstration, on the living room carpet at home and on the factory floor.

Drumheller Municipal Hospital

SALE OF SPECIAL
CONTRACTS

The Board of the Drumheller Municipal Hospital District No. 3 announce that special contracts will be sold to those non-ratepayers resident within the boundaries of the hospital district who are desirous of obtaining the \$1.00 per day rate and reduced rates for extra services for themselves and their immediate dependents at the hospital in Drumheller. Sale of these contracts will begin immediately and will continue until January 15, 1947. These contracts will be effective January 1, 1947, and will remain in force until December 31, 1947. Contracts may be purchased at the Business Office of the hospital in Drumheller for the sum of \$10. Remittances may be made by mail.

Any further particulars desired may be obtained from the undersigned.

LEONARD WILSON,
Secretary Treasurer.

You can't give out to the nation what you haven't lived out at home.
